## • Personal Information

	성 명	Eun Young Kim
	이 메 일	<a href="mailto:freesshs@naver.com">freesshs@naver.com</a>
	주 소	Division of Trauma and Surgical Critical Care, Department of Surgery, Seoul St. Mary's Hospital, College of Medicine, The Catholic University of Korea, Banpo-daero 222, Seocho-gu, Seoul 137-701, Korea

## • Academic background

기 간	학 교 명	전공(학과)
2002/03/02-2008/02/28	College of Medicine, The Catholic University of Korea	Medical science
2011/03/01-2018/08	Postgraduate school, The Catholic University of Korea	Surgery

## • Work experience

기 간	수련병원	전공	직위
2009/03/02-2013/02/28	Catholic medical center, The Catholic University of Korea	General surgery	Resident
2013/03/02-2017/02/28	Seoul St. Mary's Hospital, College of Medicine, Catholic University of Korea	General surgery Hepatobiliary-pancreas, Trauma and Critical care	Clinical fellow
2017/03/02-2021/02/28	Seoul St. Mary's Hospital, College of Medicine, The Catholic University of Korea	Trauma and Critical care	Clinical Assistant professor
2021/03/01-	Seoul St. Mary's Hospital, College of Medicine, The Catholic University of Korea	Trauma and Critical care	Associate professor

## • Academic Activities

- The Korean Surgical Society
- The Korean Society of Critical Care Medicine
- The Korean Society of Acute Care Surgery
- The Korean Surgical Ultrasound Society
- The Korean Society of Surgical Metabolism and Nutrition
- The Korean Society for Parenteral and Enteral Nutrition
- The Korean Society for Transplantation

- **Academic Awards**

- 2021.11 대한외과학회, Best Investigator Award
- 2021.03 대한외과대사영양학회, Best Oral Presentation Award
- 2021.03 대한간담체외과학회, The liver week 2021
- 2019.12 대한외과초음파학회 Best Oral Presentation Award
- 2019.09 대한외과대사영양학회, Best Oral Presentation Award
- 2019.04 대한외상중환자외과학회, Young Investigator Award
- 2018.11 대한외상중환자외과학회, Trave Grant Award
- 2018.06 대한간담체외과학회, The liver week 2018
- 2018.03 대한외과대사영양학회, 중의학술상
- 2017.11 대한외과학회, Best Investigator Award

- **Textbook**

- 중환자의학 제 4판, 2020.07, 군자출판사
- 외과초음파학 제 1판, 2021.11, 군자출판사

• Publications

기 간	제목	저널명	직위
2022.	Predictive role of changes in presepsin and early sepsis in ICU patients after abdominal surgery	Journal of Surgical Research	Corresponding author
2022.	Palliative laparoscopic Roux-en-Y choledochojejunostomy as a feasible treatment option for patients with malignant distal biliary obstruction	Surgery Today	1 <sup>st</sup> author
2022.02	Identification of ICU Patients with High Nutritional Risk after Abdominal Surgery Using Modified NUTRIC Score and the Association of Energy Adequacy with 90-Day Mortality	Nutrients	Corresponding author
2022.01	Focused Bedside Ultrasound Training Program for Surgical Residents in the Intensive Care Unit of Tertiary hospital	Indian Journal of Surgery	Corresponding author
2021.12	Impact of Polymyxin B Hemoperfusion Therapy on High Endotoxin Activity Level Patients after Successful Infection Source Control: A Prospective Cohort Study	Scientific Reports	Corresponding author
2021.12	Prediction of Postoperative Sepsis Based on Changes in Presepsin Levels of Critically Ill Patients with Acute Kidney injury after abdominal surgery	Diagnostics	Corresponding author
2021.12	Perception and implementation status of enhanced recovery after surgery	Journal of Korean Medical Association	Corresponding author
2021.07	Changes in Natural killer cell activity after surgery and predictors of NKA recovery-failure	Journal of Surgical Oncology	1 <sup>st</sup> author
2021.06	Usefulness of bioelectrical impedance analysis and ECW ratio as a guidance for fluid management in critically ill patients after operation	Scientific Reports	Corresponding author
2021.03	Prediction of Mortality in Surgical Intensive Care Unit Patients Using Machine Learning Algorithms	Frontiers In Medicine	Corresponding author
2021.02	Empirical Antibiotics for Acute Cholecystitis – What Generation of Antibiotics is an Appropriate Choice? A prospective, randomized controlled study	Journal of Hepatobiliary Pancreatic Science	1st author

기 간	제목	저널명	직위
2020.12	Usefulness of Bioelectrical Impedance Analysis as a Guidance of Fluid Management in Critically Ill Patients after Major Abdomen Surgery; a Single Center, Prospective Cohort Study	Surgical Metabolism and Nutrition	Corresponding author
2020.11	Severe COVID-19 Illness: Risk Factors and Its Burden on Critical Care Resources	Frontiers In Medicine	Coauthor
2020.11	Identification of risk factors for mortality in COVID-19 patients	Acute and Critical Care	Corresponding author
2020.10	Spleen-Preserving Distal Pancreatectomy with Vein Scarifying and Artery Saving as an Alternative for Warshaw Method	Journal of Gastrointestinal Surgery	1st author
2020.08	Bile cholesterol and viscosity, the keys to discriminating adenomatous polyps from cholesterol polyps by a novel predictive scoring model	BMC Gastroenterology	1st author
2020.08	Multifrequency Bioelectrical Impedance Analysis Compared With Computed Tomography for Assessment of Skeletal Muscle Mass in Primary Colorectal Malignancy: A Predictor of Short-Term Outcome After Surgery	Nutrition in Clinical Practice	1st author
2019.12	Polymyxin B hemoperfusion as a feasible therapy after source control in abdominal septic shock	World Journal of Gastrointestinal Surgery	Corresponding author
2019.09	Initial Experience of Using Polymyxin B Hemoperfusion in Abdominal Septic Shock; Things to Consider for Better Outcome	Journal of Acute Care Surgery	Corresponding author
2019.12	Changes in total lymphocyte count and neutrophil-to-lymphocyte ratio after curative pancreatectomy in patients with pancreas adenocarcinoma and their prognostic role	Journal of Surgical Oncology	1st author
2019.07	Identification of Hemodynamic Risk Factors for Apnea Test Failure During Brain Death Determination	Transplantation Proceedings	Corresponding author
2017.10	Is there a real role of postoperative antibiotic administration for mild-moderate acute cholecystitis? A prospective randomized controlled trial	Journal of Hepatobiliary Pancreatic Science	1st author
2017.10	Is there a real role of postoperative antibiotic administration for mild-moderate acute cholecystitis? A prospective randomized controlled trial	Journal of Hepatobiliary Pancreatic Science	1st author
2016.12	Analysis of Current Status and Predisposing factors for Nutritional Support of Patients in Surgical Intensive Care Unit	Surgical Metabolism and Nutrition	Corresponding author
2014.05	Is a drain necessary routinely after laparoscopic cholecystectomy for an acutely inflamed gallbladder? A retrospective analysis of 457 cases	Journal of Gastrointestinal Surgery	1st author
2015.03	Dual-incision laparoscopic spleen-preserving distal pancreatectomy	Annals of Surgical Treatment and Research	1st author

2015.05	Laparoscopic CBD exploration using a V-shaped choledochotomy	BMC Surgery	1st author
2015.07	Is routine drain insertion after laparoscopic cholecystectomy for acute cholecystitis beneficial? A multicenter, prospective randomized controlled trial	Journal of Hepatobiliary Pancreatic Science	1st author
2015.12	Performing a right hemihepatectomy sequentially after deceased donor liver transplantation - The solution for a large-for-size graft	Transplantation Proceedings	1st author
2016.02	Total laparoscopic pancreaticoduodenectomy using a new technique of pancreaticojejunostomy with two transpancreatic sutures with buttresses	Journal of Laparoendoscopic & Advanced Surgical Techniques	1st author
2016.02	A simple pancreaticojejunostomy technique for hard pancreases using only two transpancreatic sutures with buttresses: a comparison with the previous pancreaticogastrostomy and dunking methods	Annals of Surgical Treatment and Research	1st author
2016.04	Laparoscopic longitudinal pancreaticojejunostomy using barbed sutures: an efficient and secure solution for pancreatic duct obstruction in patients with chronic pancreatitis	Journal of Gastrointestinal Surgery	1st author
2016.07	Initial experience with radical antegrade modular pancreateosplenectomy in a single institution	Annals of Surgical Treatment and Research	1st author
2016.08	Predisposing hemodynamic factors associated with a failed apnea test during brain death determination	The Korean Journal of Critical Care Medicine	1st author
2016.12	The Simple and Multidimensional Method of Pain Reduction After Laparoscopic Cholecystectomy: A Randomized Prospective Controlled Trial	Journal of Laparoscopic & Advanced Surgical Techniques	1st author
2017.01	Initial experience with laparoscopic radical antegrade modular pancreateosplenectomy for left-sided pancreatic cancer in a single institution: technical aspects and oncological outcomes	BMC Surgery	1st author
2018.03	In vivo porcine training model of laparoscopic common bile duct repair with T-tube insertion under the situation of iatrogenic common bile duct injury	Annals of Surgical Treatment and Research	1st author
